

ZONING COMPLIANCE APPLICATION & INSTRUCTIONS FOR ACCESSORY STRUCTURES & ADDITIONS

Below are the steps you complete to submit your application:

1. Please fill in all areas of the application.
2. A basic dimensioned drawing that shows the property lines, the roads, the driveway, where you are placing/replacing the pool, shed, etc. or adding an addition. Dimensions are **REQUIRED**.
3. **If you are on a STEP system**, please **check** this at the top of the application where it is referenced.
If you are on septic system, please **check** this at the top of the application where it is referenced. A copy of your septic completion document from the TDEC office is required. See application for TDEC website. If you need assistance with this process, please call 615-687-7000.
4. If you have not hired anyone or are doing the work yourself, please write not decided or Self on the Contractor/Installer line.
5. Please bring the application to the counter to be reviewed by an administrative assistant. Your payment for your Zoning Compliance application will be taken at this time. We accept card, check or cash. If you use a card for payment, there is a 2.5% fee. No refunds will be issued for any reason.
6. After your application has been reviewed and approved, (this takes approx. 3 business days, possibly more if engineering approval is needed or other issues arise) we will contact you via e-mail. This will include your completed paperwork which will also be sent to Building Codes. You will then reach out to them to continue to the building permit process. You can reach them at 615-898-7734 with any questions regarding the process. If you haven't received an email within 3-4 days, **please check your spam**.

STATE OF TENNESSEE

DEPARTMENT OF ENVIROMENT AND CONSERVATION

Accessory Structures Zoning Requirements

Section 1101 D of the Rutherford County Zoning Ordinance

Size

- The maximum allowed size of all accessory structures, excluding swimming pools, is based on the acreage of the parcel. See table below.

| Size of Parcel | Total combines square footage for all detached accessory structures |
|------------------|---|
| 1 acre or less | 2,000 square feet |
| More than 1 acre | 5% of Lot Area |

- Square footage measurement of an accessory structure shall include the entire structure, including any expandable areas accessed by a formal staircase (i.e. bonus rooms on a second floor) finished or unfinished.
- The district maximum lot coverage may not be exceeded.

Location

- Accessory structures must be located inside or rear yards a minimum of 5 feet from the property lines (For corner lots and rear yards abutting a public street see section 1101 I and J of the Rutherford County Zoning Ordinance).
- Accessory structures are only allowed in the front yard if the principal structure is setback more than 60 feet from the front property line.
- Accessory structures must be setback a minimum of 10 feet from the septic tank and the septic field lines areas.
- Accessory structures must not encroach in any drainage easement or in the vision triangle.

Additional Standards

- No accessory structure may be approved before the principal structure is built without special exception approval by the Board of Zoning Appeals.
- No accessory structure shall exceed the height limitation for the zoning district which is typically 35 feet.
- Restrictive covenants/deed restrictions may differ from the zoning requirements. The applicant is responsible for knowledge of these covenants/restrictions.

Swimming Pools (if applicable)

- In-ground swimming pools have additional setbacks from septic tanks and field lines. In-ground pools must be setback 25 feet from field lines and 15 feet from the septic tank.
- The County Building Codes Department also has various regulations regarding swimming pools and should be consulted before purchasing or installing a pool on your property.
